

eGlu TOUCH

Handcrafted for You

Designed by Engineers, Crafted by Artists
and Commanded by You.

QUALITY

Exquisitely crafted with the finest leather and impeccable attention to detail, the Touch exudes unparalleled luxury and sophistication.

UNIQUE

The world's first movable, handcrafted leather switches. Give your walls the class and modernity it deserves.

PERFECT

For you cannot resist the flawlessness, the precision and the sheer elegance glistening before your eyes.

The Make:

The Touch oozes an unparalleled sense of eliteness due to its meticulously crafted design and the use of premium, export-quality leather. The leather's natural grain adds to its overall elegance, resulting in a product that feels truly exquisite.

Features:

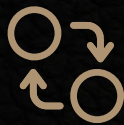

Scene Controller Switch

Create and assign separate scenes to the four sensors to control multiple devices at home

Battery operated

A battery-operated switch that allows it to be placed anywhere in the house to your liking

Replaceable covers

The front cover comes in four distinct colours that can be replaced easily to match your home's interiors

Easy installation

This wireless switch can be screwed or taped to the walls without any hassle
